# O que representa a raposa? What does the fox should represent?

## Relação Relationship

"To you, I am nothing more than a fox like a hundred thousand other foxes. But if you tame me, then we shall need each other. To me, you will be unique in all the world. To you, I shall be unique in all the world..."

## Apoio Support

"It's only with the heart that one can see rightly; What is essential is invisible to the eyes"

## Tempo Time

"You must be very patient. First you will sit down at a little distance from me, like that, in the grass. I shall look at you out of the corner of my eye, and you will say nothing. Words are the source of misunderstandings. But you will sit a little closer to me, every day."

## Lealdade Loyalty

"...if you come at four in the afternoon, I'll begin to be happy by three."

I believe that the turning point takes place when we look at the unfinished in another way, not just as an indicator or symptom of lack, but an inexcusable condition of being itself.

The unfinished is linked, it is true, with the vocabulary of vulnerability, but also (and I would say above all) with the experience of reversibility and reciprocity.

The life of each one of us is not enough for itself: we will always need the look of the other, which is a look at the other, which looks at us from another angle, with another perspective and another mood.
